EFFICIENT AND HEALTHY COOKING & ENTERTAINING

Fagor is a European Manufacturer of **high quality** cookware and appliances. Our mission is to offer consumers products that are **precise, efficient, fast, & reliable**. As a member of the global business community, Fagor employs **environmentally** and **socially sound manufacturing** and distribution standards for all of its divisions and suppliers. As the leading pressure cooker brand in the United States, we offer home cooks the unique opportunity to enjoy **delicious & nutritious meals** with cooking time reduced by up to 70%!

WHY CHOOSE A FAGOR PRESSURE COOKER?

FAST – reduces cooking time up to 70%

ENERGY EFFICIENT – Pressure Cookers are 70% faster than traditional cookware. Less time spent cooking translates into less energy used.

EASY – load ingredients, close the lid and let the pressure cooker do the cooking.

HEALTHY – Pressure cooking retains vitamins and nutrients that are usually lost in traditional cooking methods and maintains a low fat content because it utilizes less fat and oil.

SAFE – Fagor Pressure Cookers have three independent safety mechanisms making them completely safe to use. The lock on the handle will not open until all the pressure is released.

VERSATILE – you can cook a variety of different types of dishes with a pressure cooker; from appetizers, entrées to delicious desserts.

FAGOR QUALITY DESIGN SETS US APART:

- Constructed of recycled high quality stainless steel with aluminum encapsulated base allowing for even heat distribution.
- Exclusive triple valve safety system plus safety lock on handle prevents opening before all pressure is released.
- Two independent over-pressure release valves assure no excess pressure build-up.
- Works on any type of domestic stovetop: gas, electric, ceramic and induction.
- Simple-to-use dial format makes it easy to regulate and release pressure, and remove for cleaning!
- Select the automatic pressure release position to release pressure or the unlock position to remove for cleaning.
- Visual pressure indicator on handle shows when all pressure has been released from cooker.
- All Fagor Pressure Cookers are U.L. listed.
- All Fagor Pressure Cookers include instruction manuals, user DVD's , and Recipes

Chef 10Qt

Chef 8Qt

Chef 6Qt

- Made in Spain and crafted from 18/10 Stainless Steel.
- Pressure Indicator with 3 distinct positions – the 1st informs you the cooker is gaining pressure, the 2nd indicates the cooker has reached LOW pressure and the 3rd alerts you the cooker has reached HIGH pressure.
- 2 working pressure positions, 15 psi (HIGH) and 8 psi (LOW).
- Easy automatic release setting.
- Valve removing position for easy cleaning.
- Self Cleaning Valve is specially designed to clean itself with the exclusive vertical method in which it expels steam.
- Removable Timer/Alarm lets you walk away while cooking with 100 minutes of available time.
- Fully automatic locking system.
- MAX Line Indicator - The maximum level indicator line inside the pressure cooker helps you to recognize when you have reached 2/3rds of the filling capacity in the pressure cooker, the recommended fill amount.
- The Chef provides 3 security valves. The unit automatically locks the lid while pressure is still inside and if lid is not closed properly, the unit will not create any additional pressure.
- The Chef Pressure Cooker includes:
  - 10” Tempered Glass Lid that allows the body to be used as a traditional cooking vessel.
  - Steamer/ Grater Basket with Trivet, for steaming vegetables that also functions as a grater.
  - A DVD with information on the basics of a pressure cooker.
  - DVD Recipe Collection.
  - User's manual.

Removable Timer *to travel with you while you are cooking.*

Pressure Indicator *alerts you to each of the 3 stages of your cooking process.*

A ***Tempered Glass Lid*** *that turns your pressure cooker into a stock pot.*

MAX Line Indicator *tells you when you have reached maximum filling capacity.*
